
Tutorial:

course: AGRA 0315 Envisioning Information I

topic: Maps

lecturer: Markus Schröppel

18.02.2009

notes and discussion

Task: On the flip side you have a map of Argentina.

Research one principal topic of Argentina and create a visual representation (quick sketch, verbal idea).

Use infographic techniques to integrate a variety of information representing one of the following topics (it is up to you),:

Etymology, History,
Geography, Agriculture,
Flora and Fauna,
Economy,
Population,
Demographics,
Culture, Music, Religion, Language, Sports
Communications and Media or other.

Be prepared to discuss your impressions.

Have fun!
